### 1. UNIDO Introduction

The United Nations Industrial Development Organization (UNIDO) is a **specialized agency of the United Nations**. Its mandate is to promote and accelerate sustainable industrial development in developing countries and work towards improving living conditions in the least developed countries by mobilizing on its combined global resources and expertise.

UNIDO focus on three main thematic areas, in which we seek to achieve long-term impact on human society:

- ► Poverty Reduction through Productive Activities
- ► Trade Capacity-Building
- ► Energy and Environment

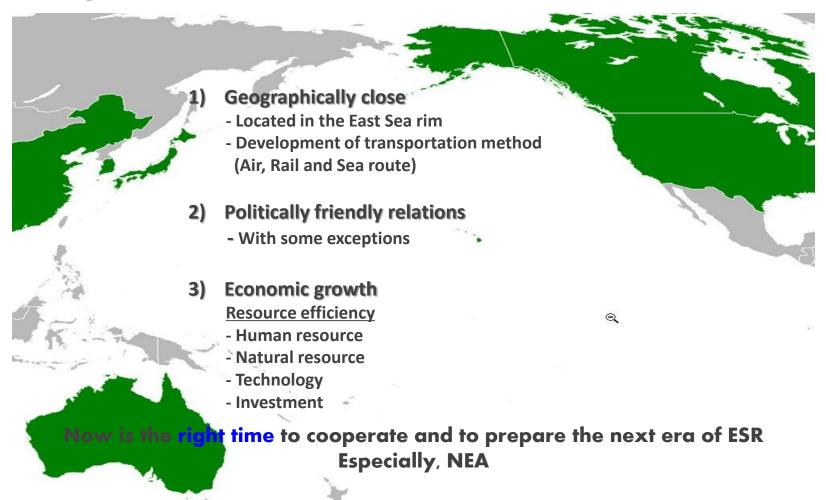

In Post-2015 context, UNIDO is now promoting the Inclusive and Sustainable Industrial Development.
